

Love is a long Road

Tom Petty

There was a girl I knew
She said she cared about me
She tried to make my world
The way she thought it should be

Yeah, we were desperate then
To have each other to hold
But love
Is a long, long road
Yeah, love
Is a long, long road

There were so many times
I would wake up at noon
Yeah, with my head spinning 'round
I would wait for the moon

And give her one more chance
To try and save my soul
But love
Is a long, long road
Yeah, love
Is a long, long road

[Instrumental Break]

Yeah, it was hard to give up
Some things are hard to let go
Some things are never enough
I guess I only can hope

For maybe one more chance
To try and save my soul
But love
Is a long, long road
Yeah, love
Is a long, long road

Love
Is a long, long road
Yeah, love
Is a long, long road (Oh)
Oh, it's a long, long road
